

CONSUMER INTERNET BANKING AGREEMENT

Effective January 1, 2007

From time to time, necessary changes will be made to the Internet Banking agreement terms. We thank you for reading the updated version and agreeing to the terms provided. All fees and services have remained the same.

Introduction

In this agreement, “we”, “us”, or “our” refers to Lytle State Bank, and “you”, “your”, or “yours” refers to Lytle State Bank customers with access to Internet Banking.

Use of this service indicates you agree to be bound by all rules and regulations applicable to your deposit accounts at Lytle State Bank as established and amended from time to time by us. This agreement explains the terms and conditions which govern the following Internet Banking services:

- View account balances and transaction history
- Search account history by check number, amount, or date
- Transfer funds between accounts

Electronic Fund Transfers (Consumer Accounts Only)

Regulation E of the Federal Reserve Board requires bank disclosure of the most important terms and conditions governing electronic fund transfers. Internet Banking and use of your Lytle State Bank VISA® Check Card on consumer accounts. Please refer also to the Account Disclosures and Fees and Limitations Disclosure.

Pre-authorized electronic fund transfers include payments or deposits you have authorized to be made to your checking or savings account at least once every 60 days by your employer, the Social Security Administration, other governmental agencies, or by some specific company or individual. Pre-authorized electronic fund transfers also include regular payments you have authorized us to make from your checking or savings account to cover insurance premiums, utility bills, rent or house payments, or other recurring obligations.

Indicated below are additional types of Electronic Fund Transfers we are capable of transacting, some of which may not be available for your account. Please read this disclosure carefully and keep it for future reference.

Electronic Fund Transfers Initiated by Third Parties:

You may authorize a third party to initiate electronic fund transfers between your account and the third party's account. These transfers to make or receive payment may be one-time occurrences or may recur as directed by you. These transfers may use the Automated Clearinghouse (ACH) or other payments network. Your authorization to the third party to make these transfers can occur in a number of ways. In some cases, your authorization can occur when the merchant posts a sign informing you of their policy. In all cases, the transaction will require you to provide the third party with your account number and bank information. This information can be found on your check as well as on a preprinted deposit slip. You should only provide your bank and account information (whether over the phone, the Internet, or via any other method) to trusted third parties whom you have authorized to initiate these electronic fund transfers.

Examples of these transfers include, but are not limited to:

Electronic Check Conversion: you may provide your check to a merchant or service provider who will scan the check for the encoded bank and account information. The

merchant or service provider will then use this information to convert the transaction into an electronic fund transfer. This may occur at the point of purchase or when you provide your check by other means such as by mail or drop box.

Electronic returned Check Charge:

Some merchants or service providers will initiate an electronic fund transfer to collect a charge in the event a check is returned for insufficient funds.

VISA® Check Card

You may use your card at ATMs to:

- Effect withdrawals of cash from your checking or savings account;
- Obtain the current bank balance in your checking or savings account;

To complete any transaction with your VISA® Debit Card, it will be necessary for you to use a 4-digit Personal Identification Number. Transactions cannot be completed unless your Personal Identification Number and your card are entered into the terminal. This requirement is to protect you from having your Debit Card misused in the event it is lost or stolen. You may use your card and Personal Identification Number only for purposes authorized by us in accordance with the instructions we provide you for usage of the terminals referred to above. You must not permit any unauthorized use of either your card or your Personal Identification Number. You may use your Debit Card at locations displaying the VISA® logo. VISA® Check Card transactions are only available with your checking account at Lytle State Bank.

You may withdraw cash from your checking or savings account with your Debit Card in amounts up to \$400.00 in each 24-hour period. Your VISA® Check Card may be used to withdraw or transfer only “collected funds” in your Lytle State Bank accounts. Collected/funds are those for which we have received payments, including, in addition to cash, checks and other items deposited in your account that are drawn on an account with us, and checks and other items deposited to your account that were drawn on other financial institutions and for which we have received payment.

If you believe your VISA® Debit Card has been lost or stolen or that someone used or may use your card to transfer or withdraw money from your account without your permission, immediately call (830) 709-3601 between the hours of 8:00a.m. and 6:00p.m. Monday and Friday and 8:00a.m. and 3:00p.m. Tuesday through Thursday, excluding holidays, or write:

- Also, if your account statement shows transfers or withdrawals you did not make, tell us at once. If you do not tell us within 60 days after the statement was mailed or electronically sent to you, you might not get back any money you lost after the 60 days, if we can prove we could have stopped someone from taking the money if you had told us in time. If a good reason (such as a long trip or hospital stay) kept you from telling us, we may extend the time periods.

A fee may be imposed by an automated teller machine operator if you initiate a transaction from an automated teller machine not operated by Lytle State Bank. A fee may also be imposed by any national, regional, or local network used to carry out the transaction. The fee applies except for POS transactions made with your VISA® Debit Card.

Your liability for unauthorized transactions by use of your VISA® Debit Card for POS Transactions with a VISA® or Interlink Merchant will be as follows: (a) no liability for such unauthorized transactions intimated with your lost or stolen VISA® Debit Card if you notify the Bank within 2 business days after you learn of the loss or theft of your VISA® Debit Card. Your VISA® Debit Card liability is \$0.

All transactions at ATMs not owned by Lytle State Bank (foreign ATMs) will be charged \$1.00 per transaction, regardless of the balance in the account. There is no charge for POS transactions.

When you initiate transactions with your VISA® Debit Card you may request a receipt documenting the transaction.

Your authorization to use your VISA® Debit Card may be cancelled by us at any time. Cancellations, termination, or expiration of your authorization to use your Card will not affect our rights with respect to any liability you have to us at the time of the cancellation, termination or expiration.

The VISA® Debit Card(s) issued to you remain the property of Lytle State Bank. If, for any reason, we request you to return the card(s) to us, you are obligated to do so immediately. You will be charged \$10 for your original Lytle State Bank VISA® Debit Card. A replacement Card is also \$10.

Where a Joint Account is maintained and a VISA® Debit Card is issued to more than one account holder, each cardholder warrants to Lytle State Bank he or she has the authority to bind the other to the terms and conditions of this Agreement and each agrees to be jointly and severally bound by the terms and conditions of this Agreement.

The following provisions are applicable to deposit or payment transactions you have pre-authorized us to complete for you.

In such case, we will send you a savings account statement by mail or electronically at least quarterly.

If we do not complete a transfer of funds to or from your account on time or in the correct amount, according to our agreement with you, we will be liable for your losses and damages. However, there are some exceptions. We will not be liable, for instance:

- If, through no fault of ours, you do not have enough money in your account to complete the transfer.
- If the transfer would result in your exceeding the credit limit of your checking overdraft protection or line of credit;
- If the terminal or the system you were using with your VISA® Debit Card was not working properly and you knew about the breakdown when you initiated your transaction;
- If circumstances beyond our control (such as fire, flood, strike, equipment malfunction, or power failure) prevent the transfer of funds being made, despite reasonable precautions we have taken;

- If the funds involved in the transfer are subject to legal process or other claims restricting transfer;
- If the authorization we have to initiate or transmit transfers or the authorization for third parties to initiate or transmit transfers is terminated by operation of law (such as death or legal disability).

We may change a term or condition of this Agreement by mailing or delivering to you a written notice at least 21 days before the effective date of any such change if the change will result in increased fees or changes to you, your increased liability, fewer types of available electronic fund transfers, or stricter limitations on the frequency or dollar amounts of transfers we allow. We do not need to provide you with any prior notice

where an immediate change in the terms or conditions of the Agreement is necessary to maintain or restore the security of our system or an account. Notices mailed or delivered to you under this paragraph will be considered effective if mailed to the most recent address we show for you in either our checking or savings account records.

We will disclose information to third parties about your account or the transfers you make:

- Where is necessary for completing transfers;
